DISCLAIMER

This user's manual is meant to assist users in installing and setting up the system. The information contained in this document is subject to change without any notice.

CE NOTICE

This is a class A product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

FCC NOTICE

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions : (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

You are cautioned that any change or modifications to the equipment not expressly approve by the party responsible for compliance could void your authority to operate such equipment.

Precautions for use

- We recommend to turn off the tablet from time to time to optimize its performance.
- Please do not use your tablet in extreme conditions (temperature and/or environmental).
- Handle your tablet carefully and keep it in a clean place, away from moisture and dust.
- Do not drop, throw or twist the tablet.
- Do not attempt to open, disassemble or repair the tablet.
- Please do not use the tablet if the screen is damaged or cracked to avoid injury.
- Do not use the tablet near a source of flammable gas or liquid.

⚠	**CAUTION :** This device contains a non-removable battery. Do not attempt to replace it. Danger of explosion may occur when the battery is incorrectly replaced and may void the warranty. We recommend to contact your qualified technician if you meet any issues. Please recycle your device and battery in accordance with local regulation.

Select the radiobox (as shown in picture) or the "Text" radio box, then type in the character to be sent.

Wake-on-Touch:
you can wake up the tablet which is in sleep mode, tap the screen twice to wake up the phone. See below for enabling and disabling the function.

Click "Save & Running Backgroup" button to take effect.

Specifications

- **TMC7000-3700 / TMC7000-7400**

CPU	Intel Atom Z3735F Quad Core CPU (Built in CPU)
Display	7" IPS LCD/ resolution 800 x 1280 / Anti-Fingerprint P-CAP touch
O.S. Support	Windows 10 IoT Enterprise LTSB 2016 OS (32 bits)
Memory	DDR3L 2GB on board
Storage	eMMC 32GB on board
Power requirement by Pogo Pin	12V 2A
Vibrator	Yes
Light sensor	Yes
G-sensor	Support auto-screen rotation
WiFi + Bluetooth	802.11 b/g/n, Bluetooth 4.0
2D Barcode scanner	Optional
NFC (NXP NPC300)	Optional
MSR/Smart card Reader	ISO 7816 & certification EMV 1 & 2 (Optional)
Battery (non replaceable)	3700mAH (1S1P) / 7400mAH (1S2P)
Operating time (JEITA)	4.5 hrs / 8 hrs
Battery Charging time	3 Hours / 5 Hours
Net weight	414 g / 470 g
Dimensions	118 x 192 x 26 mm (W x H x D)
Drop test	120 cm on concrete
Certifications	FCC / CE / RCM

- **TMC7000-Charger**

Kensington lock	One slot
Power supply adaptor	Input : 100-240V ~50/60Hz ; output 12V/2A
Net Weight	362 g (Cradle : 262g ; Metal plate : 100g)
Dimensions	108mm x 56mm x 100mm

- **Environement**

Operating Temperature	0～35 °C
Storage Temperature	-20°～60°C
Humidity	In operating temperature : 10～90% In storage temperature : 10～95%
